

# 2007-2008 Faculty Association Scholarship Awards

The University of Western Ontario's Faculty Association (UWOFA) continues to support the academic achievements of undergraduate students through a number of scholarships.

Thirty-five students have been awarded the 2007-2008 Faculty Association Scholarship, which is supported by all members of the UWOFA bargaining unit through membership dues. A reception was held for the recipients on Thursday, Dec. 4 at Michael's Garden.

The annual scholarship is granted to students demonstrating outstanding academic performance in the previous year.

Western's faculty association is the only faculty-based organization amongst Canadian universities to offer scholarships to students. The scholarships were first granted in 1971.
