

Getting to and from your picket duty and other picketing information

Transportation:

- We will be running shuttles to and from picket locations from our strike headquarters at 611 Wonderland Road (in the old Rexall building). Please come into the office and sign in with there for your shift. You will need to arrive at least half an hour before your picket shift starts.
- There is ample parking at UWOFA HQ. There is space inside the HQ to park bikes safely.
- Western parking will not be available to members during the strike. So if you plan to drive, you should be prepared to park elsewhere. If you plan to bike, please plan to lock up your bike off campus.
- If you plan to take transit, London Transit buses will likely not be coming on campus during the strike. So please plan accordingly.

When you are picketing:

- Please dress casually and appropriately for the weather and wear comfortable footwear.
- Please arrive at least 10 minutes before your shift and make sure to sign in with your picket captain at the start of your shift and out with them at the end of your shift. ***Your strike pay depends on you signing in.***
- There may be press at the picket lines who will want to ask you for comments about the strike. ***Please be advised that the UWOFA president or designate is the only person who can speak on behalf of the Association.*** Please refer any press to the Communications team at UWOFA HQ.
- Please bring thermoses and travel mugs to the picket for your warm beverage so we can reduce waste.
- Please be friendly and informative to people crossing the line.
- Please do not delay anyone longer than 10 seconds.
- Please do not obstruct sidewalks or roadways.
- Please report any issues to your picket captain.
