

2023-2024

Thank you for supporting students across campus through the UWO Faculty Association Scholarships

## UWO Faculty Association Scholarships

It is our pleasure to provide a list of students at Western University who have benefitted from the generosity of the UWO Faculty Association in 2023-2024. Emails are included for those students who gave permission for them to be shared.

**Thank you for supporting Western University.**

# Student Awards

We asked our award recipients how receiving a student award in 2022/2023 helped shape their Western experience. Here's what they said:

"This bursary has truly made a difference to my education, mental health, and relationships. I can work fewer hours and focus on school, which allows me a better chance of receiving an impressive overall GPA to apply to the very competitive Bachelor of Education program at Western. I took a gap year between high school and university to work full-time to fund my education, and to fund my future. I was recently struggling with the idea of taking another year between this and the next to work again, and this bursary has significantly contributed to the hopeful reality that I am able to continue with my education without any deferrals."

**Julliette Devos-Speers**

*BFA Fine Arts, Second Year*

"This award has helped me craft a stronger resume when applying for internships and networking with alumni. It had a direct impact on a job interview where an interviewer was impressed by my scholarships and achievements. Thank you so much, it's been a huge benefit receiving this scholarship. The money is helping me cover my costs before I work again this summer."

**William Rodger**

*BA Economics, Second Year*

"This scholarship has made a huge difference to me. It has alleviated financial stress and burden, and even more so, it has made me feel like I belong in the program I am in. Nobody in my family has ever been in nursing, and I felt so uncertain when I accepted a position in the program - I felt like I was on my own. By receiving this scholarship, I felt like I had taken the right risk and that my place truly is here in nursing. I cannot express my gratitude in words. I am beyond grateful."

**Lujane Al-Azem**

*BHSc Nursing, Third Year*

"The moment I found out that I received a scholarship, I was overwhelmed with joy and gratitude. I never perceived myself as talented - I spent hours studying and consistently pushing myself beyond my limits to get high results. It was a reminder that with hard work and determination, anything is possible. I don't need to be the smartest person to achieve desired results. It gave me the motivation to continue striving for excellence and to never give up on my dreams. It was a moment of pure joy and excitement that will always be a source of inspiration for me."

**Shirley Zhong**

*BESc Software Engineering, Second Year*

Thank you for supporting student awards at Western.
