Business Arising from Previous Meeting:

1. **PAI Score Errors**
   a. Shawn will forward to SLT that he sent a message to the membership concerning score errors.
   b. If an overpayment occurs, the person overpaid can negotiate the repayment with the university. They can’t just take it back on the next paycheck.

2. **ARR & COVID checklist concern**
   - Clarification for supervisors is recommended if the checklist will be used next year. Some supervisors don’t seem clear on how to apply the criteria.
   - Shawn’s understanding of the purpose of the checklist is that members are to be assessed like normal but if there are parts where someone is struggling, the checklist comes into effect to stop from being penalized. Can’t be used to go from good to outstanding.
   - Shawn will let Brian know that some supervisors didn’t seem to be considering the checklist in their evaluation and talk about any additional support required for supervisors.
